

CHARLEMONT
SQUARE

CHARLEMONT SQUARE IS
REDEFINING URBAN MIXED-USE
DEVELOPMENT FOR DUBLIN.

A CITY CENTRE ADDRESS
COMBINING GRADE-A
OFFICE SPACE, RESIDENTIAL
ACCOMMODATION, RETAIL,
AND A VIBRANT PUBLIC REALM.

ONE

CHARLEMONT SQUARE

DUBLIN 2

WELCOME TO ONE
CHARLEMONT SQUARE,
A STUNNING 184,000 SQ FT
NEW HEADQUARTER OFFICE
BUILDING SET IN A NEW
LANDMARK DEVELOPMENT.

A DUBLIN DISTRICT WITH A BRIGHT FUTURE

CHARLEMONT SQUARE

ONE CHARLEMONT SQUARE

Located within the core Dublin 2 CBD, Charlemont Square will provide a unique and vibrant new quarter in a prime central location. The development provides 355,000 sq ft of office accommodation across two buildings with 30,000 sq ft of retail space and 280 apartments, offering occupiers a unique opportunity to live, work and socialise in this exciting location.

A NEW PUBLIC REALM FORMS THE FOCAL POINT FOR CHARLEMONT SQUARE

A DAY AND NIGHT DESTINATION

Vibrancy will be an integral part of the public realm space at Charlemont Square, with an open plaza area designed by leading landscape architects Cameo & Partners, creating a focal point of the development and offering a range of food and beverage outlets, as well as linking the leafy Grand Canal area with the action of the city centre. Charlemont Square will become a new city meeting place.

PERFECTLY POSITIONED TO
CREATE ENDLESS OPPORTUNITIES

A SUSTAINABLY DESIGNED GRADE A,
ENERGY EFFICIENT OFFICE BUILDING.

GREEN CREDENTIALS

- Leed Gold
- Well Enabled
- Nearly Zero Energy Building

CONNECTED INFRASTRUCTURE

- WiredScore Platinum
- Digital Twin Management Platform
- Intelligent BMS

- High-performance thermal-glazed facade
- Green Roof
- Solar Reflective Roofing
- Native and adaptive vegetation reducing irrigation requirements
- Waste-management collection facilities to promote recycling and encourage landfill diversion
- Low-flow sanitaryware selected to reduce water use 35% below the LEED baseline
- All-electric air source heat pump – no fossil fuels
- Energy efficient sensor controlled LED lighting throughout
- Proximity to excellent public transport, local amenities and residential development
- Materials procured on basis of recycled content
- Use of Materials with Corporate Sustainability Reporting (CSRs)
- Regional materials prioritised
- EPD Compliant Materials
- Access to E-Car Spaces

HIGH-QUALITY END-OF-TRIP FACILITIES

ACCESS TO 56 CAR
PARKING SPACES

TRANSPORT CONNECTIONS

Charlemont Square has a range of transportation options in its immediate area. Most conveniently, it is located a couple of minutes' walk from both Harcourt Street and Charlemont Luas Stations which provides a connection point to the wider Dublin transportation links. The proposed new MetroLink will also be available at Charlemont by 2027, providing airport access within 20 minutes.

TRANSPORT	LOCATION	WALKING TIME	DISTANCE
 LUAS GREEN LINE	CHARLEMONT	4 MINS	350M
 LUAS GREEN LINE	HARCOURT	3 MINS	200M
 LUAS RED LINE	ABBEY STREET	24 MINS	1.9KM
 DUBLIN BIKES	CHARLEMONT	3 MINS	260M
 CANAL WAY CYCLE ROUTE	CHARLEMONT	3 MINS	260M

DETAILED SPECIFICATION

Architectural Specification	
BUILDING DIMENSIONS	
Structural Grid	9m x 9m grid typically.
Planning Module	1.5m square generally throughout.
Floor Heights (Approximate)	Office floor-to-floor (Ground to First) 4.53m
	Office Floor-to-ceiling (Ground) 3.45m
	Office floor-to-floor (Typical) 3.85m
	Office floor-to-ceiling (Typical) 2.80m
	Raised access floor zone (Typical) 150mm
	Raised access floor zone (7th level) 300mm
	Ceiling Service Zone 450mm
Structural System	Reinforced concrete slab with reinforced concrete columns.
General Occupancy	Building services to accommodate 1 occupant per 8.0 sq m.
Means of Escape	1 occupant per 6.0 sq m.
Sanitary Accommodation	1 occupant per 8m² with 60 / 60 ratio of male / female toilets.
Reception Finishes	
Ceilings	Ceilings to be formed with Gypsum ceiling system, with LED lighting throughout. All ceilings to have stepped floating bulkhead edge detail.
Wall Finishes	Reception walls to be clad with natural stone and feature real wood Veneer Panelling. Walls to be finished with Gypsum Dri-Wall system.
Doors	Doors to be single or double-leaf white veneer hardwood solid core flush panel with high-quality hardwood frames to match door veneer. Associated ironmongery to be high quality brushed stainless steel.
Reception Desk	Bespoke reception desk/ joinery to reception.
Floor Finishes	Ceramic tiled flooring (600x600) with matching grouted joints. Inset heavy duty matting to entrance within stainless steel matwell frame.
Lift Lobby Finishes	
Ceilings	Ceilings to be formed with Gypsum ceiling system, with LED lighting throughout. All ceilings to have stepped floating bulkhead edge detail.
Wall Finishes	Walls generally will be finished in Gypsum Dri-Wall system. Stone cladding with sundry architectural features to office lift lobby walls on all floors. Stainless steel architraves and over panels to lift door openings.
Doors	Full-height glazed doors and side lights to office entrances from core. Secondary doors will be single, door and a half or double-leaf white painted veneer hardwood solid-core flush panel. Associated ironmongery will be high-quality brushed stainless steel.
Floor Finishes	Ceramic tiled flooring (600x600) with matching grouted joints.

Toilets	
Ceilings	Ceilings to be formed with Gypsum ceiling system or equal approved. LED lighting throughout. Ceilings to have stepped floating bulkhead edge detail.
Lobby Doors	Doors to be single or double leaf white veneer hardwood solid-core flush panel with high-quality hardwood frames. Associated ironmongery will be high quality brushed stainless steel.
Toilet Cubicles	Cubicles to be proprietary toilet cubicle system or Venesta with a selected laminate / veneer finish to doors. Ironmongery to be high-quality brushed stainless steel.
Sanitary Ware & Fittings	<ul style="list-style-type: none">Wall mounted toilets with concealed cisterns, washbasins with infrared taps and urinals.Inset hand dryers and /or towel dispensers, soap dispensers, SS bin chutes, flush plates & urinal flush sensor controls to be provided.Natural Stone vanity unit with under counter waste disposal to be provided.Mirrors to be fitted over washbasins.Built in paper towel dispensers, towel bins and associated fittings to be provided.
Floor Finishes	Large format fully-vitrified porcelain 600 x 600mm ceramic tiles with matching grouted joints.
Wall Finishes	600 x 300mm ceramic tiles with matching grout.
Cleaner's Store	Cleaner's store to be provided on all above-ground levels.
Internal Finishes – Main Core	
Walls	Walls generally will be finished in Gypsum Dri-Wall system.
Floors	Stair Cores: carpet tile or equal approved.
Ceilings	Ceilings to be formed with Gypsum ceiling system with LED lighting throughout.
Balustrade	Balustrades to consist of stainless steel posts and glass infill panels, stainless steel handrails.
Atrium Finishes	
Atrium Glazing	Two atria are provided on a typical office plate, serving to provide natural daylight into the office environment. Clear fire-rated glazing to atriums. Aluminium spandrel at floor junctions.
Internal Office Area Finishes	
Ceilings	<ul style="list-style-type: none">Armstrong / SAS powder coated metal suspended ceiling throughout with exposed grid.White lay-in perforated metal ceiling tiles complete with Class 0 wrapped mineral wool acoustic pads to 80% of area (20% assumed open for return air).Armstrong Dune regular edge fibre lay-in ceiling tiles, 600 x 600 x 8mm on standard Armstrong exposed suspension grid or equal approved.Plasterboard bulkheads to perimeter windows and wall abutments and edge conditions.

Wall Finishes	<ul style="list-style-type: none">Walls to be finished with Gypsum Dri-Wall system and skim and taped and fill finished.Proprietary corner beads/ plaster stop to be fitted at external corners, movement joints and changes in wall construction where necessary.Walls to be prepared and painted three coats of white silk emulsion.Walls to have MDF skirting with emulsion paint finish.
Doors	Doors to be either single or double leaf white veneer painted hardwood solid core flush panel with high-quality hardwood frames. Associated ironmongery to be high-quality brushed stainless steel.
Raised Access Floor	<ul style="list-style-type: none">Floors to be a proprietary medium grade encapsulated chipboard raised access floor of 150mm depth, Kingspan Torlock PSA or equal approved.Floor tiles to be screw-down type metal clad tiles capable of carrying UDL of 8.0kN/m², and point load of 3.0kN over 25mm square.
External Finishes – Elevations and Roof	
Portuguese Limestone Cladding	<ul style="list-style-type: none">External cladding to be Portuguese Limestone panels fixed to steel cladding rail system or equal approved.System to incorporate EPDM and rigid insulation.Wall build-up to achieve a U-value in compliance with Building Regulations Part L/nZEB.
Curtain Wall System	Curtain walling to be thermally broken structural glazed stick system. Glazing to consist of toughened low-iron float glass. All edge fixings to be concealed at junctions with cladding material. System to be installed with U-value in compliance with Building Regulations Part L.
Glazed Balustrades to Terraces	Balustrades consisting of stainless steel rails and posts, and glass infill panels to be provided to external terraces.
Roof Grass and Planting	Where planting zones indicated on roof design drawings, Sedum or equal approved system to be installed. System to be installed with a U-value in compliance with Building Regulations Part L/nZEB.
Underground Car Park	
Parking	<ul style="list-style-type: none">56 car parking bays.Designated parking bays for wheelchair users.External lighting to be provided to all areas consistent with safety and security requirements.Automatic vehicle barriers to be provided at car park entry/ exit points. Speaker boxes to be provided at each barrier and wired to security hut.
Secure Bike Storage and Lockers	Secure bicycle and locker storage to be provided in selected locations throughout basement level -1. <ul style="list-style-type: none">259 bicycle spaces.326 lockers.

DEVELOPER

McGarrell Reilly Group is a privately owned property group that has created some of the highest quality developments in Ireland, the UK and Germany. This group prides itself on the quality of their portfolio and constantly strives to add value to each of their projects.

Successfully operating for almost 40 years, some of McGarrell Reilly Group's best-known developments / refurbishments / investments include: The Sharp Building, Iveagh Court Complex, Dublin 2; The Watermarque Building, Dublin 4; P6 in East Point Business Park; 25-28 Adelaide Road, Dublin 2; Malahide Marina, Co. Dublin; CityNorth Business Campus on the M1 Motorway outside Dublin; and Spitalerhof in Hamburg.

Over the past 39 years, McGarrell Reilly Group has successfully worked with top blue-chip companies to design and build office properties to suit their specific local requirements while meeting their worldwide standards of excellence. McGarrell Reilly Group are proud to count several leading international companies and institutions as clients: Perrigo, Marsh, Mercer, Pfizer, State Street, Cisco, Airbnb, Betfair, Aon, Office of Public Works (Irish Government), Central Bank of Ireland, various embassies, Jack & Jones and New Yorker, to name but a few.

www.mcgarrellreilly.ie

"McGarrell Reilly demonstrated their flexibility and experience in working closely with our professional team to design and build our Irish Headquarters at Iveagh Court. The building was tailored to meet the high international occupational requirements and specific local requirements of our business. The office exceeded our expectations and has served the continued success of our business for the past 15 years."

**Tom Geraghty, Chairman of MMC
(Marsh & McLennan Companies) in Ireland**
